Remake of "Home"

Whenever I am feeling low
I drink some coffee, and I know
I'll be able to make the deadline
Though there's just ten minutes to go.

I can always just take the night bus
Once the subs approve
An hour or several, this is the life!
Perhaps I'll take up smoking too...

This is home, truly, where I know I must be
Where emails wait for me, where the workload never slows
This is home, surely, as my contract tells me
This is where I won't be alone
For this is where I know it's home

When there are stories to pursue
And all your contacts have the flu
There is comfort in the knowledge
That the news eds are there for you

When at last you see your story
Splashed across page one
You grin in glee, you cut it out
And wait for the next one to run...

“Chase”

In the lush greenery of open fields
With the air so clean and still
We stand in unison with aspirations
We'll chase the dream
And find the rainbow from within

Even though things don't always go our way
And we don't know come what may
We will walk the path
We will run the race
We'll chase the dream
And find the rainbow from within

CHORUS

Reach out with your hands
And touch the love from heaven
Feel it with your soul
The warmth that we've been given
With a heart full of passion
We want to make a difference
And fulfill the dream that is within us

Even though things don't always go our way
And we don't know come what may
We will walk the path
We will run the race
We chase the dream
To find the rainbow from within

Bridge:

Someday we will reach the stars
And know that it's all worthwhile
La la la la ~~~~
